# ABOUT ME

---

Pamela Price is a Texas native with a passion for helping underserved communities & populations achieve everything they were created to be. She is a wife, mother, 3x suicide survivor living unapologetically with bipolar disorder. For more than 20 years, Pamela has worked with national and government agencies to develop and implement multi-faceted programs to meet the societal and cultural needs of underserved communities. As an exemplary leader with an innovative mindset, she has provides direction & support to multi-sector organizations in the areas of project design, implementation and evaluation. She holds a Bachelors of Science degree in Public Health and served as registered nurse as member of the US Army Nurse Corp excelling in both government and non-governmental agencies.

Mrs. Price is also an experienced consultant and public health strategist working with national, state, and local organizations to develop and implement sustainable programs and initiatives that support increased equity, diversity, and inclusion particularly for communities of color and women. She has written and co-written educational trainings and curriculums focused on addressing the unique and cultural needs of the Black community to achieve equity. Mrs. Price is also the creator of the 4 part mental health series, Kaleidoscope Minds that focuses on living with serious mental illness.

# ROLES & FOCUS AREAS

## Deputy Director, The Balm In Gilead

Pamela Price currently serves as the Deputy Director for The Balm In Gilead managing the various health initiatives of the organization. Under her leadership, the organization provides support to faith-based and public health institutions in areas of program design, implementation and evaluation, which strengthen their capacity to deliver programs and services that contribute to the elimination of health disparities

## Director, Brain Health Center for African Americans

Director for The National Brain Health Center for African-Americans. In 2016, she co-developed a six-part educational curriculum for nurses and allied healthcare professionals aimed at addressing knowledge gaps related to Alzheimer's disease and other dementias affecting African Americans. Mrs. Price has conducted numerous training sessions across the country with various nursing associations and healthcare organizations. She also co-created and facilitates an accredited training for healthcare providers; aimed at increasing cultural competencies related to the screening, diagnosis, and treatment of dementia in African Americans

# ROLES & FOCUS AREAS

## Public Health Strategist & Consultant

Mrs. Price serves on various boards and steering committees, frequently conducting workshops and trainings across the country at various conferences and events in addition to providing technical assistance and capacity building services to community-based organizations.

## Community Advocate & Educator

Pamela is a national speaker & educator, routinely offering tools, resources & insightful viewpoints on ways to strengthen organizational efficiency & capacity to deliver impactful & sustainable programs and services to those most in need. Her work with community based organizations includes providing support in grant writing, curriculum development, graphic design, and communication.
